

Safety Zone® Steel Mesh Cut-Proof Gloves, Small, White GSBG-SM

String knit cut-resistant gloves offer a relaxed fit while maintaining protection from many sharp edges and items.

Features

- String Knit gloves are perfect lightweight protection for handling goods and are also worn as glove liners, providing insulation for hot and cold environments
- String knit gloves are an economical glove for package handling
- They also work well as a thermal protection liner for other gloves in cold applications
- Choose from heavy, medium or lightweight knits that fit your application the best
