

Large Wet/Dry Lobby Dustpan

T0017-00

The large wet/dry lobby dustpan is built for large scale handling of both wet and dry materials. Ergonomic grip, wheels and locking handle ensure ease and comfort to keep cleaning crews mobile.

Features

- Large pan opening: The large 14" pan opening of the large wet/dry lobby dustpan enables it to handle a wide range of debris, including larger objects, making it ideal for cleaning large spaces quickly and efficiently.
- Industrial capacity: With a 2-gallon capacity for dry materials, the large wet/dry lobby dustpan can handle a large volume of dirt and debris, reducing the need for frequent emptying.
- Sweep seal for fine debris and liquids: The sweep seal in the dustpan ensures that fine debris and liquids are easily contained, making it ideal for use in areas with a high volume of liquids and fine debris. The sweep seal is also replaceable, ensuring that the dustpan maintains its performance over time.
- Elevated dam for retaining liquid waste: The elevated dam in the large wet/dry lobby dustpan ensures that up to 0.5 gallons of liquid waste are retained, making it suitable for use in wet environments.
- Wheels for easy handling of heavy materials: The large wet/dry lobby dustpan comes with wheels that enable easy handling of heavy materials, reducing the effort required when moving the dustpan around. This feature ensures that cleaning large areas is more efficient and less physically demanding.
