General Advice Provide this SDS to medical personnel for treatment.
Eye Contact  
Rinse thoroughly with plenty of water, also under the eyelids. Call a physician if irritation persists.

Skin Contact  
If irritation occurs and product is on the skin, rinse thoroughly with lukewarm water, followed by a thorough washing of the affected area with soap and water.

Inhalation  
Not a likely route of exposure based on form of product. If fragrance is bothersome, move to fresh air.

Ingestion  
Rinse mouth. Drink 1 or 2 glasses of water.

Most important symptoms and effects

Symptoms  
May cause mild irritation. May cause discomfort if swallowed.

Indication of any immediate medical attention and special treatment needed

Notes to Physician  
Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media
Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Water spray (fog). Carbon dioxide (CO2). Dry chemical. Foam.

Unsuitable Extinguishing Media  
Water is an effective extinguishing media, however the product becomes very slippery when wet.

Specific Hazards Arising from the Chemical
This material will make floors slippery when wet. High concentrations of dust in air may present a fire or dust explosion hazard.

Hazardous Combustion Products  
Smoke, fumes or vapors, and oxides of carbon.

Protective equipment and precautions for firefighters
As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal Precautions  
Use personal protective equipment as required.

Methods and material for containment and cleaning up

Methods for Containment  
Prevent further leakage or spillage if safe to do so.

Methods for Clean-Up  
Avoid flushing with water, as material becomes slippery.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on Safe Handling  
Handle in accordance with good industrial hygiene and safety practice.

Conditions for safe storage, including any incompatibilities

Fire-fighting equipment/instructions
In case of fire and/or explosion do not breathe fumes. In the event of fire, cool product with water spray. Move product from fire area if you can do so without risk.

Specific methods
Use standard firefighting procedures and consider the hazards of other involved materials. Move products from fire area if you can do so without risk. Cool containers exposed to flames with water until well after the fire is out. In the event of fire and/or explosion do not breathe fumes.

General fire hazards
Flammable solid.

6. Accidental Release Measures

Personal precautions, protective equipment and emergency procedures
Wear appropriate protective equipment and clothing during clean-up. For personal protection, see section 8 of the SDS.

Methods and materials for containment and cleaning up
Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Pick up and discard towelette. For waste disposal, see section 13 of the SDS.

Environmental precautions
Avoid discharge into drains, water courses or onto the ground.

7. Handling and Storage

Precautions for safe handling
Not a skin wipe. For use on hard non-porous surfaces only.
Do not use or store near heat or open flame.
Use according to package label instructions.
Use good industrial hygiene practices in handling this product.
Wear appropriate personal protective equipment.
Wash thoroughly after handling.
When using do not eat or drink.

Conditions for safe storage, including any incompatibilities
Do not contaminate water, food or feed by storage or disposal.
When not in use keep container closed to prevent moisture loss.

Store away from incompatible materials (see Section 10 of the SDS).

### 13. Disposal Considerations

**Disposal instructions**

Follow container label directions carefully. Do not reuse towelette. Dispose of used towelette in trash. Do not flush in toilet. Nonrefillable container. Do not reuse or refill this container. Triple rinse and offer for recycling. If recycling is not available, put in trash collection. Review federal, state/provincial, and local government requirements prior to disposal.

Dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container.

**Local disposal regulations**

See above

**Hazardous waste code**

Assign as required.

**Waste from residues / unused products**

Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

**Contaminated packaging**

Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.
