**Section 15. Regulatory Information**

US Federal Regulations:
- General Product Information: N.D.
- Clean Air Act: This product does not contain any HAPs
- Food & Drug Administration: N.D.

State Regulations:
- General Product Information: N.D.
- Component Analysis: N.D.

Other Regulations:
- WHMIS (Canada): N.D.
- California Prop. 65: N.D.
- CERCLA: N.D.
- SARA Title III Section 313 Hazard class: Acute Health Hazard

SARA Title III Section 311/312 Hazard class:
- This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

**Section 3. Ingredients**

**Additional Information**
- The information contained herein is furnished without warranty or legal responsibility of any kind. Employers should use this information only as a supplement to other information gathered by them and must make independent determination of suitability and completeness of information from all sources to assure proper use of these materials and the safety and health of employees.
- NFPA 1-9-0
Section 4. First-Aid Measures

General Advice: Take proper precautions to ensure your own health and safety before attempting rescue and providing first aid. Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.

Eye Contact: Flush eyes with large amounts of water for at least 15 minutes. Remove contact lenses, if worn. If irritation persists, seek medical attention.

Skin Contact: Wash with soap and water; if irritation persists, seek medical attention.

Inhalation: Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get immediate medical attention.

Ingestion: If swallowed, call a physician immediately. Rinse mouth and throat thoroughly with water. Do not induce vomiting unless directed to do so by a physician. Never give anything by mouth to an unconscious person. If vomiting occurs spontaneously, keep head below hips to prevent aspiration of liquid into lungs. If patient is conscious and alert, give large amounts of water. Get medical attention.

Section 5. Fire Fighting Measures

Suitable Extinguishing Media: In case of fire, use Carbon Dioxide (CO2) or Dry Chemical

Unsuitable Extinguishing Media: None known

Special Fire Fighting Procedures: Self contained breathing apparatus and full protective clothing recommended.

Unusual Fire and Explosive Hazards: None known

Section 6. Accidental Release Measures

Non-hazardous Small Spill: Should be cleaned up at the time of the spill. Take all necessary precautions and wear any personal protective equipment that is applicable. Dispose of per local and state regulations.

Non-hazardous Large Spill: Should be cleaned up at the time of the spill. May require special treatment, equipment and/or emergency assistance. Dispose of per local and state regulations.

Section 7. Handling and Storage

Handling Non-hazardous: This product is considered to be an article which does not release or otherwise result in exposure to a hazardous chemical under normal use conditions.

Storage Non-hazardous: Store in original package. Discard unused portion. Do not reuse. No special storage conditions required.
Section 8. Exposure Controls/Personal Protection

<table>
<thead>

Respirator

Ventilation:
Respiratory protection may be worn if ventilation does not eliminate symptoms or keeps levels below recommended exposure limits. If exposure limits are exceeded, wear: NIOSH-Approved organic respirator. NIOSH-Approved Supplied Air Respirator (SAR). NIOSH-Approved self-contained breathing apparatus. Do not exceed limits established by the respirator manufacturer. All respiratory protection programs must comply with OSHA 29 CFR 1910.134 and ANSI Z88.2 requirements and must be followed whenever workplace conditions require a respirator's use.

Skin Protection:
Wear protective gloves.

Eye Protection:
Wear chemical safety goggles while handling this product. Do not wear contact lenses. Wear additional eye protection such as face shield when the possibility exists for eye contact with splashing or spraying liquid, or airborne material.

Other Protective Equipment:

Work Hygienic Practices:
Handle in accordance with good industrial hygiene and safety practice. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Safety shower and eye wash should be available close to work areas.

Section 10. Stability and Reactivity

Stability: Stable
Reactivity: Stable under normal conditions
Incompatibility (Materials to Avoid): Strong oxidizing agents. Strong acids
Hazardous Decomposition or Byproducts: Upon decomposition, this product may yield oxides of nitrogen and ammonia
Hazardous Polymerization: N.D.
Conditions to Avoid: Strong oxidizing agents. Strong acids

2. Hazards Identification

- **Physical hazards**: Flammable solids Category 1
- **Health hazards**: Serious eye damage/eye irritation Category 2A
- **Environmental hazards**: Not determined
- **OSHA defined hazards**: None additional

Label elements

Signal word: Danger

Hazard statement: Flammable solid. Causes serious eye irritation.

Precautionary statement

**Prevention**
Read label before use.
Keep away from heat/sparks/open flames/hot surfaces. - No smoking.
Wash thoroughly after handling.

**Response**
If in eyes: Rinse cautiously with water for 15 - 20 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
In case of fire: Use appropriate media to extinguish.

**Storage**
Store away from incompatible materials.

**Disposal**
Dispose of waste and residues in accordance with local authority requirements.

Hazard(s) not otherwise classified (HNOC) None known.

Supplemental information Not applicable.

3. Composition/Information on Ingredients

<table>
<thead>
<tr>

</tr>
</tbody>
</table>
4. First Aid Measures

**Inhalation**
Not a normal route of exposure. If inhaled, remove to fresh air. Get medical attention if symptoms develop.

**Skin contact**
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

**Eye contact**
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**Ingestion**
Not a likely route of exposure. If ingestion does occur, call a poison control center or doctor for treatment advice.

**Most important symptoms/effects, acute and delayed**
Symptoms may include stinging, tearing, redness, swelling, and blurred vision.

**Indication of immediate medical attention and special treatment needed**
Treat patient symptomatically.

**General information**
Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Avoid contact with eyes.

5. Fire Fighting Measures

**Suitable extinguishing media**

**Unsuitable extinguishing media**
None known.

**Specific hazards arising from the chemical**
During fire, gases hazardous to health may be formed.

**Special protective equipment and precautions for firefighters**
Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA. Structural firefighters protective clothing will only provide limited protection.

**Fire-fighting equipment/instructions**
In case of fire and/or explosion do not breathe fumes. In the event of fire, cool product with water spray. Move product from fire area if you can do so without risk.

**Specific methods**
Use standard firefighting procedures and consider the hazards of other involved materials. Move products from fire area if you can do so without risk. Cool containers exposed to flames with water until well after the fire is out. In the event of fire and/or explosion do not breathe fumes.

**General fire hazards**
Flammable solid.

6. Accidental Release Measures

**Personal precautions, protective equipment and emergency procedures**
Wear appropriate protective equipment and clothing during clean-up. For personal protection, see section 8 of the SDS.

**Methods and materials for containment and cleaning up**
Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Pick up and discard towelette. For waste disposal, see section 13 of the SDS.

**Environmental precautions**
Avoid discharge into drains, water courses or onto the ground.

7. Handling and Storage

**Precautions for safe handling**
Not a skin wipe. For use on hard non-porous surfaces only. Do not use or store near heat or open flame. Use according to package label instructions. Use good industrial hygiene practices in handling this product. Wear appropriate personal protective equipment. Wash thoroughly after handling. When using do not eat or drink.

**Conditions for safe storage, including any incompatibilities**
Do not contaminate water, food or feed by storage or disposal. When not in use keep container closed to prevent moisture loss. Store away from incompatible materials (see Section 10 of the SDS).

8. Exposure Controls/Personal Protection

**Occupational exposure limits**

Exposure guidelines

Chemicals listed in section 3 that are not listed here do not have established limit values for ACGIH or OSHA PEL.

Appropriate engineering controls

Provide eyewash station.

Ensure adequate ventilation.

Individual protection measures, such as personal protective equipment

Eye/face protection

Wear eye protection as appropriate.

Skin protection

Hand protection

Wear disposable protective gloves as appropriate.

Other

As required by employer code.

Respiratory protection

In case of insufficient ventilation, wear suitable respiratory equipment.

Thermal hazards

Not available.

General hygiene considerations

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and immediately after handling the product. When using do not eat or drink. When using do not smoke.

9. Physical and Chemical Properties

Appearance

Liquid saturated on wipe

Physical state

Solid.

Form

Solid.

Color

Colorless to Slightly yellow

Odor

Alcohol

Odor threshold

Not available.

pH

5.75 - 8.50

Melting point/freezing point

Not available.

Initial boiling point and boiling range

Not available.

Pour point

Not available.

Specific gravity

0.892

Partition coefficient (n-octanol/water)

Not available.

Flash point

75.0 °F (23.9 °C) (Liquid)

Evaporation rate

Not available.

Flammability (solid, gas)

Flammable solid.

Upper/lower flammability or explosive limits

| Flammability limit - lower (%) | Not available. |
| Flammability limit - upper (%) | Not available. |
| Explosive limit - lower (%)    | Not available. |
Explosive limit - upper (%)  Not available.
Vapor pressure        Not available.
Vapor density         Not available.
Relative density      Not available.
Solubility(ies)       Not available.
Auto-ignition temperature  Not available.
Decomposition temperature  Not available.
Viscosity             Not available.

10. Stability and Reactivity

Reactivity           Do not use on natural marble, windows, unpainted wood or brass, clear plastic or colored grout. This product may react with strong acids and strong oxidizing agents.
Possibility of hazardous reactions  Hazardous polymerization does not occur.
Chemical stability    Material is stable under normal conditions.
Conditions to avoid   Contact with incompatible materials.
                       Heat, flames and sparks.
Hazardous decomposition products  May include and are not limited to: Oxides of carbon. Ammonia. Chloride compounds

11. Toxicological Information

Information on likely routes of exposure

Ingestion  Harmful if swallowed.
Inhalation  Health injuries are not known or expected under normal use.
Skin contact  Non-irritating based on test data.
Eye contact  Causes serious eye irritation.

Symptoms related to the physical, chemical and toxicological characteristics

Symptoms may include stinging, tearing, redness, swelling, and blurred vision.
Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.

Information on toxicological effects

Acute toxicity

Components  Species  Test Results

Isopropyl Alcohol (CAS 67-63-0)

  Acute
    Dermal
      LD50  Rabbit  12800 mg/kg

  Inhalation
    LC50  Rat  16970 mg/l/4h

Oral
    LD50  Dog  4797 mg/kg
          Mouse  3600 mg/kg
          Rabbit  5030 mg/kg
          Rat  4396 mg/kg

n-Alkyl (60% C14, 32% C16, 5% C12, 5% C18) dimethyl benzyl ammonium chlorides (CAS 68391-01-5)

  Acute
    Dermal

Oral
    LD50  Mouse  150 mg/kg
          Rat  240 mg/kg
Components: n-Alkyl (68% C12, 32% C14) dimethyl ethylbenzyl ammonium chlorides (CAS 68956-79-6)

**Acute**

**Dermal**
LD50: Not available

**Inhalation**
LC50: Not available

**Oral**
LD50: Rat, 250 mg/kg

**Skin corrosion/irritation**
Non-irritating based on test data.

**Exposure minutes**
Not available.

**Erythema value**
Not available.

**Oedema value**
Not available.

**Serious eye damage/eye irritation**
Causes serious eye irritation based on test results.

**Corneal opacity value**
Not available.

**Iris lesion value**
Not available.

**Conjunctival reddening value**
Not available.

**Conjunctival oedema value**
Not available.

**Recover days**
Not available.

**Respiratory or skin sensitization**
- **Respiratory sensitization**: Not available.
- **Skin sensitization**: Not applicable.

**Germ cell mutagenicity**
No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.

**Carcinogenicity**
This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

Not listed.

**Reproductive toxicity**
This product is not expected to cause reproductive or developmental effects.

**Specific target organ toxicity - single exposure**
Narcotic effects.

**Specific target organ toxicity - repeated exposure**
Not classified.

**Aspiration hazard**
Not classified.

**Chronic effects**
Prolonged inhalation may be harmful.

**Further information**
Not available.

### 12. Ecological Information

**Persistence and degradability**
No data is available on the degradability of this product.

**Bioaccumulative potential**
No data available.

**Partition coefficient n-octanol / water (log Kow)**
Isopropyl Alcohol, 0.05

**Mobility in soil**
No data available.

**Mobility in general**
Not available.

**Other adverse effects**
No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.
13. Disposal Considerations

Disposal instructions
Follow container label directions carefully. Do not reuse towelette. Dispose of used towelette in trash. Do not flush in toilet. Nonrefillable container. Do not reuse or refill this container. Triple rinse and offer for recycling. If recycling is not available, put in trash collection. Review federal, state/provincial, and local government requirements prior to disposal.

Dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container.

Local disposal regulations
See above

Hazardous waste code
Assign as required.

Waste from residues / unused products
Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

Contaminated packaging
Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

14. Transport Information

DOT

15. Regulatory Information

US federal regulations
This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

PRECAUTIONARY STATEMENTS:
Hazards to Humans and Domestic Animals. Warning: Causes substantial but temporary eye damage. Do not get in eyes or on clothing. Avoid contact with skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using restroom. Remove and wash contaminated clothing before reuse.
